## Hyperlink Inventory Support: May Boost OSA Required Devices

Dear Hyperlink Branded Retailer,

Hyperlink is always psyched to assist and guide you in keeping the right inventory on your shelves every day, so you never lose a sale. Please find below the OSA (On Shelf Availability) daily minimum requirements, tiered by average monthly activations volume. Any combination of identified SKUs within the category to get to overall count will be considered compliant.

**All Branded locations must carry the required sellable Boost Mobile device models in their original packaging (new and unopened).**

*In cases of inventory shortages, doors may substitute a current device. Certified Pre-Owned (CPO) devices can count towards this minimum.*

| Tiers based on 90 Day PSA Avg | Android Category Minimum | iPhone Category Minimum | AAL Category Minimum | Total Categories Minimum |
|-------------------------------|--------------------------|-------------------------|----------------------|--------------------------|
| Low 0-50                      | 2                        | 1                       | 2                    | 5                        |
| Mid 51-99                     | 6                        | 2                       | 3                    | 11                       |
| High 100+                     | 10                       | 3                       | 5                    | 18                       |

| Boost OSA Required SKU's                               |  |                |
